## COMMUTATION ACT WORK

### Land Bureau Is Busy with the Details of the New Law.

The land bureau with Josh Tucker as the senior officer has been proceeding with the work made necessary by Act 90 of the last Legislature which provides for the payment of commutation due the Territory. Marston Campbell, "the Secretary of the Interior for short," stated yesterday that a great deal of detail work had been successfully accomplished and the list will be soon ready for publication.

The law under which the work is being performed provides that the commissioner of public lands shall prepare a list upon which commutation to extinguish the Government's right therein is payable. It is also stipulated that unless the commutation is paid prior to January 1, 1909, the amount of commutation ascertained shall bear interest at the rate of six per cent per annum. The law also provides that soon after June 30th of this year each piece of property upon which commutation is due shall be appraised.

Appraisal Question.  
The value of the property for the purposes of the law is to be fixed in the appraisal as near as possible to its value on the date of its award made by the Board of Commissioners to quiet land titles.

The third section of the act referring to the enforcement states that "after January 1, 1910, the Attorney General shall proceed at any time after the determination of the commutation due as hereinbefore provided, to enforce payment of the same by any proper proceedings brought in the name of the Territory of Hawaii. He may foreclose the lien herein provided by suit in equity as hereinafter provided, and jurisdiction to hear and determine all such suits is hereby conferred upon the respective circuit judges in chambers."

## LETTER FROM BAKER'S FATHER TO BRECKONS

Raymond M. Baker, confessed bigamist, rode through the streets of Honolulu yesterday afternoon in the patrol wagon, on his way from the Oahu Prison to the office of United States District Attorney Breckons.

Among his mail that arrived on the Alameda yesterday Mr. Breckons found a letter from Baker's father in Chicago, the secretary of the Union Stockyards Company and it was to read that that Baker was brought from Oahu Prison to the Judiciary building.

District Attorney Breckons said that in the letter the father acknowledged the waywardness of his son and stated that he had always been hard to control from his earliest boyhood. While no direct appeal was made for leniency, the letter was written in a way that showed the young man still has the best wishes of his father.

Breckons says that there was nothing in the letter that tended to indicate a desire upon the part of Baker senior to come to the financial assistance of his son, something that the young man has been looking forward to for some time.

## CAPTAIN HOWE IS BOOSTING HAWAII

Captain William Howe, United States Inspector of Hulls for Hawaii, who is spending his vacation on the mainland, is developing into a full-fledged Hawaiian booster. In a letter to a friend in this city he writes:

"I have met several of our Honolulu residents since arriving in San Francisco, in fact one might almost imagine himself back in Honolulu from the pumber of familiar faces to be seen on the streets.

"The weather is fairly good today, but was foggy and miserable on our arrival. I am ever mindful of our glorious islands and never forget to put in a word at the right time."

## PREPARE SUITS IN SEWER RATE CASES

The necessary papers are being prepared by the Attorney General's department for the beginning of suits in connection with delinquent sewer rates, there being a balance of \$5500 outstanding on the current six months period. Marston Campbell states that at the expiration of the period, December 31 of this year, that all of the collections shall have been made and the rates paid up.

"The collections have been good," said Mr. Campbell yesterday, "and in the case where there is a deficiency there will be no delay in bringing suits through the Attorney General's department. The new system that has been in force has worked very successfully and I am quite satisfied with it."
